

## **FINSTAT ACADEMY**

The **B.M.S** department of **St.Andrew's College** has collaborated with **Finstat Academy** for training our students as Actuary Aspirants and Analytics Pursuant. The course is divided into three modules and completion certificate for the same will be given. Students are encouraged to enrol for a great learning experience as each module helps our student to enhance their organizational skills and efficiency.

The module consists of the following programmes:

<b>Series</b>	<b>Year</b>	<b>Programme</b>
Module I	F.Y.B.M.S	Advanced Excel
Module II	S. .Y.B.M.S	R Programming Language
Module III	T.Y.B.M.S	Case Studies and Live projects with corporate companies.

On the completion of all the modules Finstat Academy will give the certificate of 'Data Science Certificate'. This certification will be an add-on and gain a competitive advantage in placement.
