

ANDREAN TRAINING AND PLACEMENT CELL UPDATE

The Andrean Training and Placement Cell provides job readiness training and assistance with job placements to the students. The placement cell expands the horizon of the student by conducting various informative webinars, seminars, workshops, Guest lectures, etc., thereby exposing students to a range of new opportunities. It plays a very crucial role in the placement of the Under graduates and Post graduates passing out of the college by contacting highly reputed firms and prestigious establishments and informing students of the job opportunities available for them. They conduct campus interviews for the third-year students with recruiters from all over India. The Training and Placement Cell help students in developing skills required with an aim to place maximum students. In the previous academic year, over 131 students were recruited in full time jobs and 35 students interned in top companies. The Andrean Training and Placement Cell continues to help students secure their dream jobs.

The guest lecture by Mr. Ronak Gala, an MBA (NMIMS) Mumbai, guided students on how to crack their dream finance job. Students were introduced to the PAAS method which means Passion, Attitude, Aptitude and Skills along with on how to develop skills to get the job.

Students found the session very helpful and informative as it was a need for them after the pandemic. The students were very interactive and had the opportunity for QnA session.

As a part of the Skill Development Programme, a National Level webinar on the topic 'Resume Building' was organized by the Placement cell and the BMS Department at St. Andrew's College of Arts, Science and Commerce in association with IIDE. Students were given insights on how to write a resume. They also learned to customize their resumes according to the respective

position and job they seek to apply.

Career counselling in Digital marketing by Karan Mehra who specializes in social media and Google advertising introduced students to the uprising Job opportunities in the digital world. He provided insights of the

flourishing industry. The interactive session was beneficial and helped students in making their career choice.

The guest lecture by Mr. Susheel Varghese, an avid public speaker and writer, guided students on ways to boost their career prospects while still in college. Students were introduced to effective ways to enhance their career prospects. Students were very

interactive and had the opportunity to clear their doubts and ask questions.

Some of the best Companies visiting college to recruit the Students of St. Andrew's College of Arts, Science and Commerce, Bandra (W) are Morgan Stanley, TATA Consultancy Services, IKEA, Savage & Palmer, Xfinite Technologies, Times Group, TATA Power, NewFold Digital, Bank of America, Fourth Signal and many more.
