Hall of Fame

... I am an Andrean

Derek J. Pereira
Class of 1988
B.Com.

The 5 years I spent in Andrews taught me to be grounded, work with small budgets and importantly balance the books. This is something I carry with me even after graduating 34 years ago.

- **Vice President, Foreign Bank**

... I am an Andrean

Adolph Colaco
Class of 1992
B.Com.(Accounting)

I built some of my strongest and longest-term relationships during my time at St. Andrews - from my spouse of 25 years to my closest friends of today. The opportunities and exposure I got through the Andrean ecosystem, helped me immensely in my career selection, as well as prepared me for the corporate world at a global level. I have a deep sense of gratitude and pride in being an Andrean.

- Adolph Colaco is the Founder & CEO of e2log Inc., a US-based software company, which supports the complex logistics needs of some of the largest industrial businesses in the world. Over the course of his 25+ years of career in Supply Chain, he has held global roles in major corporations such as Transocean and Weatherford. He has lived and worked in 4 diverse regions of the world and done boots-on-ground Supply Chain work in 75 countries.
- Adolph has also represented India and the United States of America, in field hockey.

St. Andrew's College imparted an education which not only shaped my career but also made me a responsible citizen. At St. Andrew's we were privileged to have the best faculty in the whole world. Each of the teaching faculty were luminaries in their respective fields of specialisation. Not to forget the Principal of the institution at our time who played an instrumental role in steering the institution to greater heights. It is also a matter of pride that many of my batchmates (Class of 1992) are leading senior executives in the corporate world and are also stalwarts in their chosen careers. Sincere thanks to St Andrew's College for giving us a rock-solid foundation which is responsible for what we achieved today.

St. Andrews College is my holy grail in 1992. The teachers and faculty truly focused on the college motto “Enlighten the Darkness.” They gave us gave confidence to build our lives with a purpose. I am personally in complete gratitude to Desiree Gonsalves, Charmaine Braganza, Kashmira Mody who made education beyond marks and gave us knowledge to understand how we can shape our careers in the future. I am what I am because of the guidance I received from my teachers who gave me wings to fly 30 years ago.

“After completing my HSC in science, I admitted myself into the Bachelors of Commerce Course. I initially thought I would be a red sock among the whites but I blended in perfectly. My professors were the reason for my smooth transition.

If I must recall a moment that stands out, it would be the time when I was weighed down due to personal reasons; I wasn't keen on answering the final examination. The professors spent time motivating me and eventually changed my mind. It showed me that they cared.”

"St. Andrews has made me an individual with an entire holistic development especially the commerce stream that I was in the Teaching methodologies and strategies. The cultural events that I was a part of Olio and Jhankar made me understand how things work in the event field. Also I have chosen the career as Teacher which has helped me a lot in my Teaching Career as well the subject that I teach which is related to commerce itself. Overall, St Andrews being my alma mater I have fond memories with that place. Memories that will never fade till my lifetime."

My experience at St. Andrew's college was a significant milestone in my life. It was a time when I transitioned from the sheltered environment of high school to the independent world of higher education.

Andrew's offered me a unique opportunity for personal growth and self-discovery, where I could pursue my interests and passions while gaining a deeper understanding of myself and the world around me. It provided me an opportunity to explore a wide range of subjects, take classes outside of my major, and engage with passionate and knowledgeable professors.

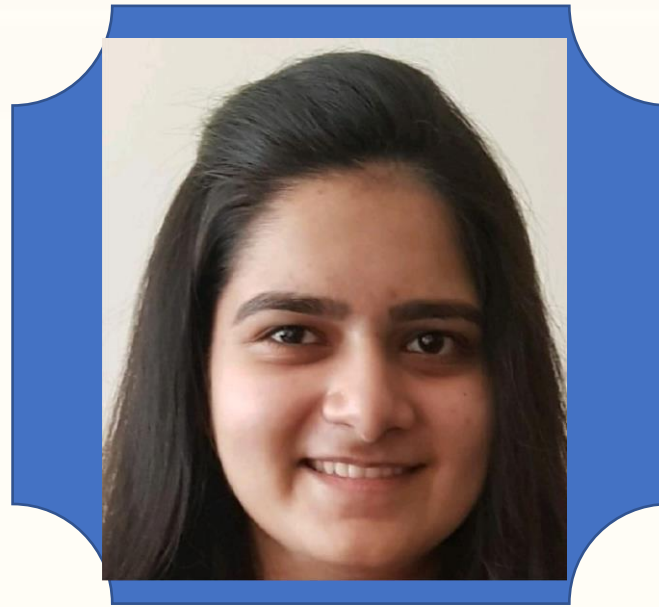

Another significant aspect of my experience of being an Andrean was the social environment where I formed many lifelong friendships in college, which provided a space for me to connect with like-minded people and form a sense of community. Campus life offered a range of activities and events, such as clubs, sports teams, and volunteer organizations, allowing me to pursue my interests and develop new skills.

Being an Andrean also provided me with opportunities for networking and building professional connections, as well as exposure to diverse perspectives and experiences.
